

Introducing Broker Prospectus

Industry Leading Partnerships

partners.vantagemarkets.com

Overview

The Vantage IB program is designed to offer individuals and corporate clients an opportunity to earn ongoing revenue from the trading activity of their clients.

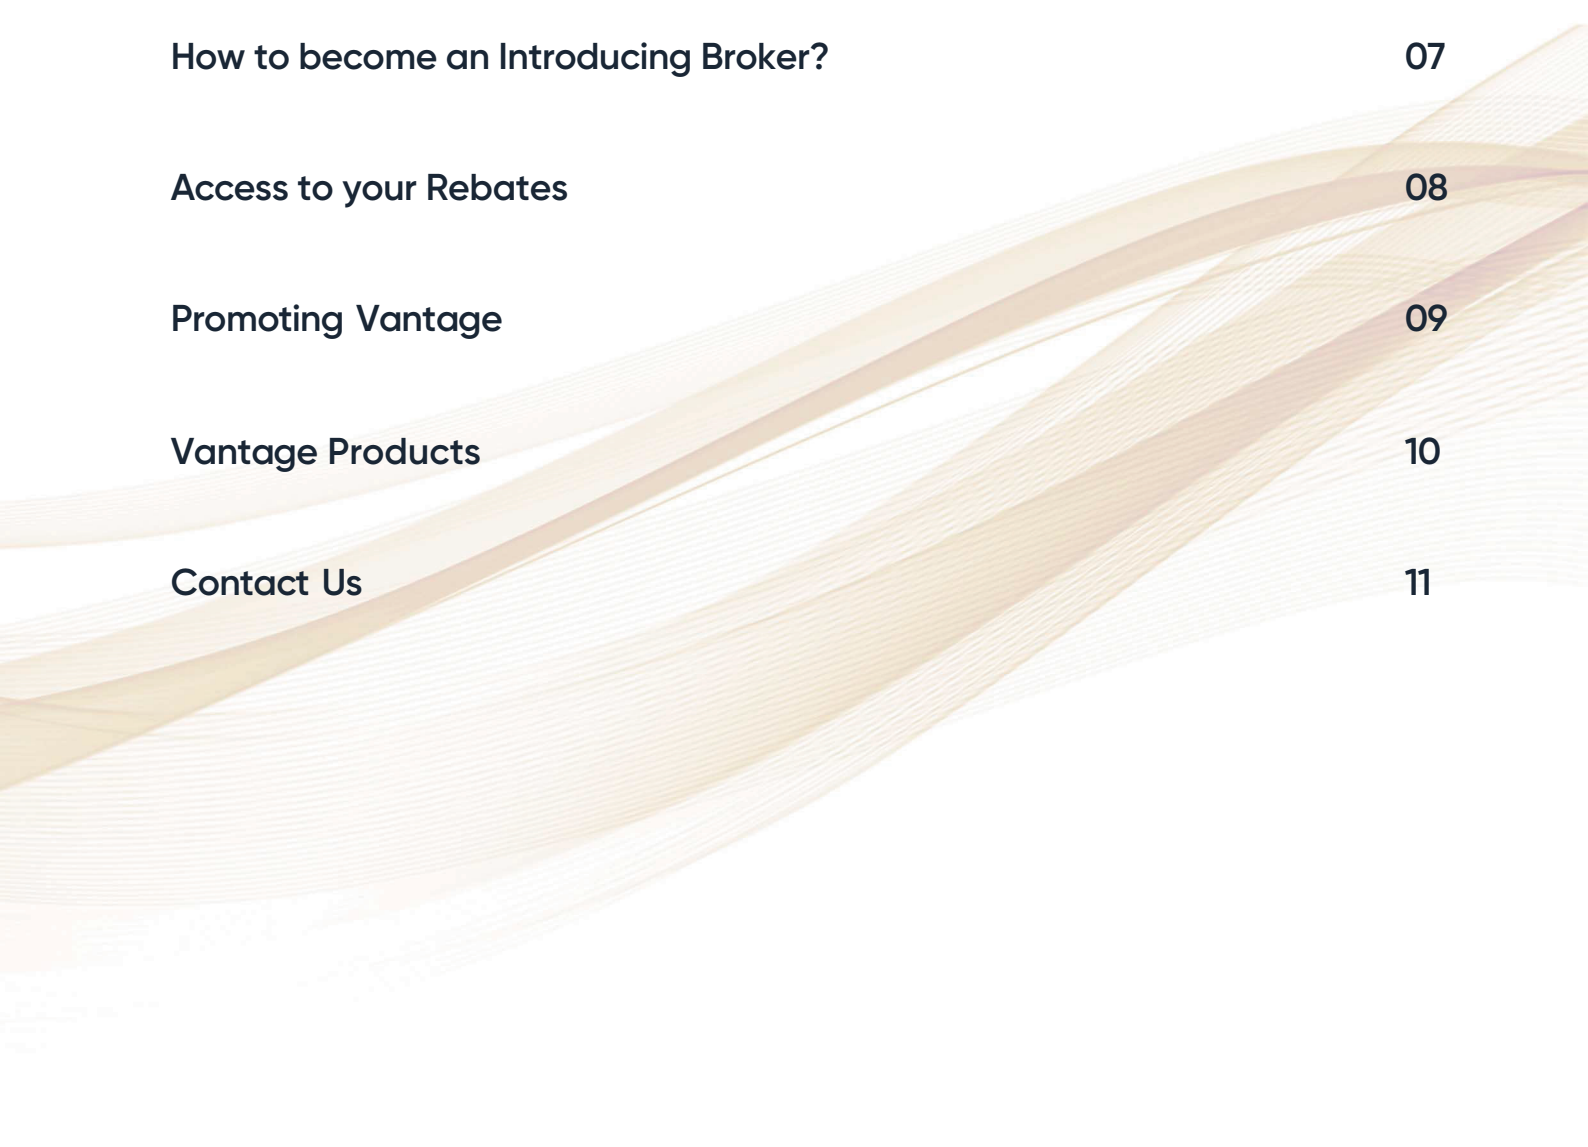

Because we value the business that you bring, we reward IBs with some of the best rebates in the industry. Our IBs also tend to earn more than they would with other brokers by leveraging our strong brand reputation, award-winning customer service, transparent IB reporting, and superior multi-layered IB infrastructure.

Become a Vantage IB today and unlock access to higher commissions.

Retail Forex: Limitless Potential

With a turnover of over \$4 trillion per day, the Forex market is the largest financial market in the world. Closely interwoven with movements in other markets, Forex is directly impacted by transactions taking place elsewhere, including the stock, bond and futures markets.

Large financial and governmental institutions and businesses are all participants in this hugely liquid market. Their trading and transactional activity creates movements in FX pricing, which FX traders are able to trade and profit from.

With seamless 24-hour access via its powerful MT4/MT5 platform, Vantage FX offers clients the opportunity to trade in the global FX market, and profit from the ever-moving, highly liquid exchange of currency.

Always Awake

Unlike other asset classes, Forex remains online and tradeable 24 hours a day.

Low Start-up Fees

Begin trading with as little as \$200.

High Leverage

Exert up to 500 times the value of your equity, greatly increasing potential returns on investment.

Low Cost

Commissions are low, with no-commission accounts often being available to clients.

About Vantage

Vantage is a CFD and Forex broker serving both institutional and retail clients around the world.

Vantage was founded in 2009 by a highly-specialised team with backgrounds in Finance, Forex and Technology. Created to help clients pursue their financial goals, we proudly offer transparent access to the Forex market, powerful trading platforms (MT4, MT5 and Vantage Mobile App), exceptional execution speed, and award-winning customer service.

Given this strong and tested background, we are able to offer superior access to global Forex markets, providing a noticeable difference between Vantage and other brokers.

As a leading Forex broker, we uphold the highest standards of regulation and compliance. We are also strictly audited and keep all client funds in a segregated trust account, to ensure your money is protected.

Who Could Become An Introducing Broker?

Why Partner With Vantage?

For the IB

Partner with Vantage to access the market leading support of a recognised and trusted brand. On top of generous rebates and outstanding customer service, we offer all of our IBs complete transparency through our IB portal. Total visibility of your accounts and customisable reporting enable you to keep track of rebates in real-time and view detailed information about clients' trading activity.

For Clients

The client referral process is fully and smoothly handled by Vantage, leaving the IB free to focus on acquiring more clients, and maximising their rebates. We handle the complete on-boarding process, from account opening, to securing client funds through our segregated bank accounts.

Clients can rest assured that they are trading with an award-winning, leading and regulated broker, with all funds held in segregated trust accounts, meaning their money is in safe hands. Join our fully customisable IB program, and offer your clients the chance to experience a new level with Vantage, while you earn revenue for every referred client.
